

The Office of International Affairs (OIA) must determine an individual's eligibility to be issued the Form DS-2019, Certificate of Eligibility for Exchange Visitor Visa.

Upon receipt of the completed J-1 Biodata Form, required supporting documentation, and confirmation of your appointment through an appointment/offer letter issued by The University of Texas Health Science Center at Houston (UTHealth Houston), the OIA staff will review the documentation to determine the eligibility for issuing Form DS-2019.

**NOTE: The issuance of Form DS-2019 does not guarantee the J visa stamp or J visa status will be granted by the U.S. Government. The decision to grant the J visa stamp is the U.S. Department of State and the decision to grant J visa status is the U.S. Customs and Border Protection.**

## Funding Requirements

J-1 Exchange Visitors sponsored by UTHealth Houston are required to show financial resources at a minimum of \$31,200 per year (\$2,600 per month) plus a minimum of \$5,000 per year (\$417 per month) for each J-2 dependent.

Evidence of any funding that will not be provided by UTHealth Houston must be documented in written form (e.g., bank statements; letters of financial awards, etc.). All financial certifications must be original; provided in English or accompanied by a certified English translation; and provided in U.S. dollars or U.S. equivalency.

## Insurance Minimum Requirements

Exchange visitors are required by U.S. Department of State and U.S. Immigration regulations to have adequate medical, medical evacuation, and repatriation insurance from the program start date listed on the Form DS-2019 and through the period of the J-1 and J-2 visa status. If your J-2 dependent is issued a Form DS-2019, regardless of whether or not they are in the U.S. you must purchase the required insurance for your J-2 dependents in order for you to start your position at UTHealth Houston.

The current minimum insurance coverage requirements are:

Major medical coverage per person	\$100,000 per accident or illness
Repatriation of remains per person	\$25,000
Medical evacuation per person	\$50,000
Deductible not to exceed	\$500 per accident or illness

The only acceptable insurance ratings are:

- an A.M. Best rating of "A-" or above
- a McGraw Hill Financial/Standard & Poor's Claims-paying Ability rating of "A-" or above
- a Weiss Research, Inc. rating of "B+" or above
- a Fitch Ratings, Inc. rating of "A-" or above
- a Moody's Investor Services rating of "A3" or above

If the J sponsorship is approved and the J visa status is granted, evidence of having the required insurance (as indicated above) must be presented to OIA at the time the J sponsorship program begins. UTHealth Houston **NEVER** provides medical evacuation or repatriation insurance. Thus, it will be your obligation to always purchase the required insurance from an independent company and present this evidence to OIA.

**NOTE: If medical Insurance will be provided by UTHealth Houston, the medical insurance will not become effective immediately upon beginning your appointment at UTHealth Houston. Thus, you are required to purchase temporary medical insurance to receive OIA clearance to begin your appointment.**

I certify that the above information has been completed by me and is accurate to the best of my knowledge. Further, I understand that if I am granted J-1 visa status, I will be required to maintain acceptable medical, medical evacuation, and repatriation insurance coverage during the period of J-1 visa status for myself and any J-2 dependents who accompany me to the U.S. I agree to purchase this insurance coverage to be effective for the full duration of J sponsorship. I understand that I am required to provide and maintain current evidence of this necessary insurance with the Office of International Affairs.

I also understand that failure to maintain the required insurance would be grounds for termination of J sponsorship.
