Financial Aid Disbursements

Financial Aid Disbursements typically occur during the first week of classes for students meeting all financial aid eligibility, enrollment requirements and for students without any active holds. Please check your student account for any holds or incomplete checklist items that may be preventing your financial aid award from disbursing.

First-time borrowers complete these documents on Studentaid.gov:

- Federal Student Loan Entrance Counseling
- Master Promissory Note (MPN) /Loan Agreement

Existing borrowers can find a copy of completed MPNs an Entrance Counseling on Studentaid.gov.

Financial aid awards are estimated based on anticipated full-time enrollment. Students must meet Satisfactory Academic Progress (SAP) and be enrolled at least half-time for loans to disburse.*

After the add-drop period, financial aid eligibility will be re-evaluated and adjusted to reflect semester registration, which may result in a balance owed if you modified your enrollment. Outstanding tuition balances will be reflected on your University student account. Add-drop deadlines are available on the [Registrar's website](#).

*For summer semester loans to disburse, students must be enrolled the entire 12-week period.

What's new?

There is new terminology on the
2024-2025 FAFSA

1. **Student Aid Index (SAI)** - The SAI is a new eligibility index number the financial aid office will use to determine need-based financial aid eligibility. The SAI replaces the Estimated Family Contribution (EFC) starting with the 2024-2025 academic year.
2. **Contributor** - A contributor is anyone required to provide consent and approval for obtaining federal tax information needed to complete a student's FAFSA. This includes the student, the student's parent(s) if the student is a dependent, and the student's spouse, if applicable.
3. **Future Act Direct Data Exchange (FA-DDX)** - In 2024-2025, the FADDX authorizes the IRS to provide federal tax information directly to the FAFSA application upon receiving consent from the contributor. The FA-DDX replaces the IRS Data Retrieval tool.
4. **FAFSA Submission Summary (FSS)** - Document providing a summary of data input on the FAFSA application. The FAFSA Submission Summary replaces the Student Aid Report (SAR).
5. **Family Size**: Replaces the term "household size" on the FAFSA form. It captures the appropriate number of family members and dependents in the applicant's household based on the number of exemptions reported on the IRS tax return.
